Parents who will have a student entering Kindergarten (must be age 5 by September 1, 2023) are requested to call a school to schedule a time for registration and identify the tentative school of attendance. Parents may request a particular building within the District, however, due to staffing and student counts, final building placements will be the sole discretion of the District.

A parent session will include registration materials and a review of the school program and student services by the principal and specialized staff. **Items necessary for registration include the child's original legal birth certificate, immunization record, and two items as proof of residency.** Hearing and vision screening by the St. Clair County Health Department will be scheduled separately.
